

December

*Oh Pre-k 4
Oh Pre-k 4
What are you doing
this December?*

That's a great question I'm glad you asked. This month we will be doing so much my head is spinning. With Christmas only mere weeks away I'm hoping to make a classroom wreath using paper cut outs of all of our hands and creating something WE put together as a whole. Also, I would like to make Santa hats, decorating and cutting out our own trees, and hopefully if we can, I would like to make REAL ornaments for your trees at home.

As usual its not all arts and crafts here. We still have A LOT of work to do. We still have letter sheets to work on, numbers, and plenty of writing to do. Plus with a new month comes NEW sight words ask your kids what new words we can read! Also we do have some special days here at MLC. Like the 22nd is our Christmas party where Santa himself will be attending. Note parents we will be closed Christmas Day but open on the 26th (that might change, so keep an ear to the ground on that one). And on the 14th probably the most important day of the month; STAR WARS! So its my Official (unofficial) Star Wars Day! So have your child come to school in their best Star Wars gear!

Also parents I have to say I have seen some MASSIVE improvements in most of Pre-k 4 students mainly in letter and number recognition! So lets keep up this pace parents! If you're working with them at home keep going, it's REALLY showing here. And just FYI next month I'm going to have Pre-K 4 evaluations again. So be prepared and lets get these kids ready for the next grade and beyond.

Merry Christmas!
Mr. Devin
