Happy New Years to all of M.L.C.

I'm looking forward to a new exciting year with your children. This month I will be introducing new baby songs such as Row Row Row Your Boat, Baa Baa Black Sheep, and many more.

Children love when I put a C.D. in for them with singing and dancing, so these are things we do daily. Also reading a story book to your children before and after nap time.

Play time the children enjoy (playing with building blocks, balls, and pop up toys). Your children love looking at pictures, so it would be nice to have new photos of your family and pets.

Thanks to all the parents with the love and care for our children. As always if you have any questions or concerns, please let us know.
